

LEO Pharma symposium: **See CHE differently at EADV 2026**

The hands we **see**, the lives they **impact**
Advancing care in Chronic Hand Eczema

Friday 2nd October 2026, 13:00–14:00 CEST

SAT 2.06, Hall B (Level 2), Austria Center Vienna, EADV Congress 2026, Vienna, Austria

Your patients’ hands tell one story. Their lives tell another.

Chronic Hand Eczema is more than what presents in clinic. The burden runs deeper, the consequences reach further, and the full picture is rarely seen. Until now.¹⁻³

Our international faculty will challenge the way you think about Chronic Hand Eczema (CHE)— from the reality of living with it, brought to life through real, authentic patient video footage, to the question every clinician should be asking: “What does redefining CHE management look like?” Join us as we explore the evidence and find out.
